SCHOOL TEACHERS READY FOR TERM WORK

The Tombstone schools open Mon-
day. Miss Ella Niblo as superintend-
ent reports her efficient corps of teach-
ers ready and anxious for the term
work, also hopeful of a large school
attendance.

Miss Niblo acted as principal
last year and with Supt. Trisler's
decision to retire from school work
the board of trustees tendered the
position made vacant to Miss Niblo.
The advancement thus paying a de-
served and meritorious tribute to a
capable and painstaking instructor.

The teachers at the large school
building with the grades assigned are
as follows:

Miss Ella Niblo--High School.
Miss Helen Axtell--7th and 8th
grades.
Miss Elizabeth Axtell--5th and 6th
grades.
Josephine McPherson--3rd and 4th
grades.
Ora Collins--1st and 2nd grades.
Monday will be the annual school

Thomas Edison's Views
On Here, Hereafter

"I believe in a supreme intelligence,
but I have grave doubts as to whether
you and I and all the other good
folks of this world are going to be
reused from our graves to go to some
beautiful shining place at all."

"They tell me I am heading straight
for hell. Maybe I am, but I'll take
my chances with the fashionable min-
ister, and if there is such a spot as
heaven I'll bet I get there first."

"The only religion needed in this
world is the golden rule. If everyone
practiced it there would be no more
trouble or poverty or unhappiness.
I'd put everyone in jail who would
not do unto his neighbor as he
would have his neighbor do unto
him."

"Everything is material. We have
no thoughts. They are simply im-
pressions that we get from the out-
side."

"I do not believe that a man's mind
lives after him. His work lives after
him but the work is the material thing."

"I shall be living only in phono-
graphs. I shall not be playing a harp
or boiling in oil or haunting anyone.
I shall be dead."--Thomas Edison.

The pastor of the Methodist church
has prepared an able answer to the
above positions taken by Mr. Edison.
He invites a good attendance as it is
his last service here. At 11:00 a. m.
Sunday, September 10th.

The open season for male deer is
from September 15 to December 1;
for wild turkeys the same period; for
quail, snipe, bobwhite, partridges,
game pheasants and rail, October
15 to February 1. There is no open
season on female deer, spotted fawns,
elk sheep and goats. The open season
on feline hunters and innocent
spectators is from January 1 to De-
cember 31.

Hens lay more eggs if they have a
change of food. The prepared Colton

from his camp in the Dragoon moun-
tains on a visit.

Hal Smith was a returning passen-
ger last evening from Douglas, where
he accompanied a shipment of cows
to the poor farm.

Chris Barker, line chief of the
Mountain States Telephone & Tele-
graph company, with headquarters at
Bisbee, is in the city today on busi-
ness with the local telephone office.

Mrs. George Farrington is expected
to return to Tombstone within a short
time from San Francisco, where she
has been for the past two years, to
again take up her residence in this
city.

The latest marriage license to be
issued out of the probate court is en-
titled, George Palmer to wed Annie
Hughes, both residents of Pearce.

Miss Sadie Cowan, who for the past
few years has acted in the capacity of
"hello girl" at the telephone office,
has tendered her resignation as such
to take effect on the 26th of this
month.

District Attorney John S. Williams
expects his family to return from
their eastern visit about the first of
October, and upon their return, they
will occupy the Stanton residence,
which Mr. Williams has rented.

Miss Alice Thiel was an outgoing
passenger this morning for Tucson, on
a brief visit of a few days, from
whence she will go to Tempe to re-
sume her studies at the Normal
School.

George and Ray Swain were depart-
ing passengers this morning for their
Los Angeles homes, after a stay in
Tombstone for several days, having
been summoned from the coast on
account of the death of their father.

Mrs. Mary P. Barrow arrived in the
city this morning from the Barrow
cattle ranch in the Dragoon moun-
tains, where she is now making her
home.

Marshall Watkins of Bisbee was a
Tombstone visitor today on a brief
business trip.

Doctor Bishop came over from Bis-
bee late yesterday afternoon accom-
panied by his wife. The trip was
made via auto mobile.

Newsy Notes From All Over Arizona
Carefully Condensed for The
Prospector Readers'

The victim of alleged jealousy, Pepe
Crackolich, a 16 year old Slavonian
civil, was shot four times through the
abdomen, and probably fatally wound-
ed at Globe. Tom Vuleitch, a former
sweetheart, is in jail charged with the
shooting. It was said that the ac-
cused man was told by the girl's brother
that she had another sweetheart.

Isabelle Pixley, aged about eight
years, was drowned at a swimming
pool out near the work that is being
done for the Douglas water extension
while bathing in a "swimming hole"
with two other little girls about her
own age.

The Day and Foster ranch near
Duncan, is now engaged in shipping
pears to the Clifton market. They are
Bartlett and of exceptionally fine
quality.

Mrs. Tella McKee, wife of C. W.
McKee, died at the Sisters' hospital
at Phoenix, Thursday morning, fol-
lowing an operation performed about
one week ago from the effects of
which she never fully rallied.

H. N. Reno of Douglas, president of
the brewing company, is considering
entering the Los Angeles-Phoenix
road race with a 50 horsepower Lozier
car which he will drive himself.

The police department has received
a communication from the chief of
police in Detroit, Mich., asking for
information concerning John and Pat-
rick Walpole, who are supposed to be
in this section of the country. They
are wanted in order that they may

accept the estate of their brother
Lieutenant Henry Walpole, of the
Detroit force, who made both his ben-
eficiaries.

Arthur Fraley, the 17-year-old Phoe-
nix boy whose neck was broken three
months ago, when diving from a
bridge into a canal, is making a re-
markable fight for life. Although
his body from the neck down is paraly-
zed, he is in absolute possession of
his mental faculties. He takes keen
interest in what the other boys are
doing and does a great deal of read-
ing.

Labor Day was celebrated in Bowie
by a dance and a ball game. The San
Carlos Indian team beat the Bowie
nine by a score of 8 to 0. Owing to
the poor playing of one of the im-
ported players on the Bowie team, seven
runs were made in the second inning
by the Indians.

First grade territorial teachers' cer-
tificates have been granted by the ter-
ritorial board of education to Helen
B. Gaigher of Manistee, Mich., on a
certificate from the University of
Michigan; Willie E. Hester of Doug-
las, Arizona, on a Colorado State col-
lege diploma, and Claudia McMahon
on a certificate from the teachers' col-
lege of the University of Michigan.

A boy census of Phoenix will be
taken by the Y. M. C. A. to find out
how many boys there are in the city
between the ages of 9 and 18. It will
be taken after the opening of school,
September 23.

AVIATORS MAY COME
VIA TOMBSTONE

Long Distance \$50,000 Contest Will
Include Noted Aviators Who Will
Fly Via Arizona

SOME SHORT CUTS ON THE AIR LINE

That Arizona points are going to be
on the aeroplane highway in the great
transcontinental race for the Hearst
\$50,000 prize is proven by the an-
nouncement of two aviators that they
will fly this way. The star says--
The three who have announced that
they will stop in Tucson are Arthur
H. Stone, Cal P. Rodgers, of Cincin-
nati and Phil D. Palmerlee. James
J. Ward of Chicago will also probably
fly over Tucson, though he is now
hesitating between Los Angeles and
San Francisco as his starting point.
Robert G. Fowler, of Los Angeles,

Lincoln Beachley, and probably
many others are to enter.

The clearness of the southern Ari-
zona atmosphere and the absence of
disagreeable winds make this coun-
try ideal for such flights. Another
inducement to come this way is the
present weather now prevailing, even
when crossing mountain ranges.

Tombstone will likely see the avi-
ators in flight.

Gleeson--Mining Notes

Interesting Items of Interest From
Gleeson--Mining Notes

Gleeson, Arizona, Sept. 6.--The
mining outlook in this city was never
more encouraging than at the present
and it is understood that several of
the large properties will be operated
next year. But one mine of impor-
tance is operating here at the present
time, the old Copper Belle mine,
known as the Leonard Copper com-
pany, and controlled by the Shan-
non Copper company at Clifton.

Deputy Sheriff W. W. Cates and fam-
ily have gone to Aravaipa where they
will spend about a month on a visit.

L. A. Godfrey has been appointed de-
puty sheriff of this camp during the
absence of Mr. Cates.

John Gleeson, the well known mine
operator and promoter of this district,
returned yesterday from a visit to Bi-
sbee, where he went on business con-
nected with his new mining company.

R. H. Brown is visiting here from
McMillen county, Texas, as the guest
of G. I. Van Meter. Mr. Brown was
in all probability locate in the Sulphur
Springs valley, and is looking for a
desirable tract of land which has not
yet been filed on.

Mrs. L. A. Godfrey was in Court-
land last week for several days on a
shopping tour and incidentally visiting
friends.

If You Hurry You May See the
Comet Before it Gets Away

Brook's comet may now be seen with
the naked eye. It is traveling very
fast, and may be seen at its least dis-

tance from the earth on September 15.
Then it will be only 45,000,000
miles away.

Arizona Socialists to Put A Tickett
In the Field

The socialists of Globe and sur-
rounding districts at a recent meeting
decided to put a full state ticket in
the field at the coming election. A
meeting of workmen with repre-

sentatives present from Miami, Cop-
perton and Globe, endorsed the so-
cialist ticket. This is the first so-
cialist meeting held in the territory
preparatory to statehood.

Col. Pickett Stands for the People
And Popular Government

Col. Pickett bears a reputation ev-
erywhere as a man of spiritual cov-
erage and inflexible integrity. He be-
lieves in straight methods and the
square deal. He was the first pub-
lic man in Arizona to advocate the pop-
ular election of senators when Ari-
zona should become a state and he
stands for every phase and form of
people's rule in all things of the coun-
ty state and nation.

He stands for the Arizona consti-
tution as written.

He stands for the fundamentals of
American democracy declared by Jef-
ferson.

He is opposed to graft, trusts, mo-
nopolies and all special interests that

seek to exploit and plunder the peo-
ple.

He stands for home rule, local self-
government and the right of the peo-
ple to elect and to recall their public
servants.

He stands for the program of the
democratic party as now represented
in the house of congress.

He stands for just and fostering
treatment by the general government
of the rival interests of the new state
of Arizona.

In the senate he would be welcom-
ed and helped by scores of senators
who know and esteem him, and this
announcement of his candidacy should
see him far on his way to the seat of
that high council.
